MY HUSBAND

He is that special someone
 Who gives meaning to my life.
 He possesses a gentle strength
 On which I so often rely.

His honest manner enables me
 To put myself at ease.
 He helps me to appreciate
 Simple but important things.

His good-natured sense of humor
 Is as welcome as sunshine.
 His attitude is a mixture
 Of cheer and optimism.

He has a warm, compassionate
 And generous heart ...
 He creates a comfortable
 Atmosphere within our home.

Everything he does is motivated
 By affection and love.
 He is all of this - and so much more.
 This is ... MY HUSBAND.

WORDS OF WISDOM

PROVERBS 18-22, "Whoso
 findeth a wife findeth
 a good thing..."

THE MOOD RING

My Husband bought me a mood ring
 last year for Valentines Day. When
 I'm in a good mood it turns green.
 When I'm in a bad mood it leaves a red
 mark on his forehead.

**HAPPY
 VALENTINE'S
 DAY**

DON'T FORGET- A word to
 the wise is sufficient.

In Days Gone By

On Feb. 12, 1809, Abraham

 born in Kentucky.

 round-the-world auto race
 began in New York and end-
 ed in August in Paris.

ONLY GOD ALONE KNOWS WHAT THE FUTURE HOLDS

Nobody can predict the future. Some of the wisest men in the world have made fools of themselves in their effort. Here are some examples:

* Dr. Lee DeForest, inventor of the television: "Man will never reach the moon regardless of all future scientific advances."

* Admiral William Leahy, U.S. Atomic Bomb Project said: "The bomb will never go off. I speak as an expert in explosives."

* Robert Millikan, Nobel Prize winner in Physics, 1923: "There is no likelihood man can ever tap the power of the atom."

* Thomas Watson, Chairman of IBM, 1943: "I think there is a world market for maybe five computers."

* The editor in charge of business books for Prentice Hall: "...I can assure you that data processing is a fad that won't last out the year." (1957)

* Western Union internal memo, in 1876: This "telephone" has too many shortcomings to be seriously considered as a means of communication. The device is inherently of no value to us."

* David Sarnoff's associates, in response to his urgings for investments in the radio in the 1920s: "The wireless music box has no imaginable commercial value. Who would pay for a message sent to nobody in particular?"

* Lord Kelvin, President, Royal Society, 1895: "Heavier-than-air flying machines are impossible.

* Drillers who Edwin L. Drake tried to enlist in his project to drill for oil in 1859: "Drill for oil? You mean drill into the ground to try and find oil? You're crazy!"

* Charles H. Duell, Commissioner, U.S. Office of Patents, 1899: "Everything that can be invented has been invented."

* Sir John Ericksen, British surgeon, appointed Surgeon-Extraordinary to Queen Victoria in 1873: The abdomen, the chest, and the brain will forever be shut from the intrusion of the wise and humane surgeon."

* Ken Olsen, president, chairman and founder of Digital Equipment Company, 1977: "There is no reason anyone would want a computer in his home."
